Settlement Conference Date: May 13, 2015
Time: 9:30 a.m.
Place: Courtroom G - 15th Floor

35 Third Party Petitioners/Stricken-Claimants Tyrel Graves, Sensi Graves, William Graves,
36 and Bo Graves, by and through their attorney DAVID M. MICHAEL, ESQ., request that
37 Petitioner/Stricken Claimant Sensi Graves, be permitted to be available by telephone at the
38 settlement conference.

39 The parties have agreed to appear before Magistrate Judge Spero on May 13, 2015 at

9:30a.m. for a settlement conference as to both the above captioned case and the above related criminal case.

The Court is advised that siblings and Petitioners/Stricken Claimants Tyrel Graves, William Graves, and Bo Graves intend to and will personally attend the settlement conference, but the parties request that Petitioner/Stricken Claimant Sensi Graves, be permitted to be available by telephone at the settlement conference.

This request is made on the grounds that personal appearance at the hearing would cause substantial hardship and significant expense, as Ms. Graves is currently, and has been for some time, working in North Carolina running a women's kite (water sport) camp with one other instructor and 10 female students. Ms. Graves researched airfare after being informed that her personal attendance might be required at the conference, but the price of tickets on the short notice combined with the days missed (resulting in lost wages and hardship on the single remaining instructor) make it essentially impossible for her to travel to San Francisco without incurring substantial hardship and significant expense. Ms. Graves was contacted by undersigned on today's date, acknowledges that she must be available on the phone during the pendency of the conference and has indicated in writing that she gives unlimited authority to her siblings, Petitioners/Stricken Claimants Tyrel Graves, William Graves, and Bo Graves, to negotiate a settlement and otherwise settle the above numbered cases.

Plaintiff's attorney was contacted by email and has no objection to this request.
